TI Applications & End Equipment Solutions - Comprehensive technical resources for the development of application and end equipment solutions for Wireless, Broadband, Video, Imaging, Audio, Industrial, Automotive and other end equipment.

TI End-Equipment Solutions & Applications | Texas Instruments

A computer is a device that can be instructed to carry out sequences of arithmetic or logical operations automatically via computer programming. Modern computers have the ability to follow generalized sets of operations, called programs. These programs enable computers to perform an extremely wide range of tasks.
