Media bias is the bias or perceived bias of journalists and news producers within the mass media in the selection of events and stories that are reported and how they are covered. The term "media bias" implies a pervasive or widespread bias contravening the standards of journalism, rather than the perspective of an individual journalist or article. The direction and degree of media bias in ...

The mass media is a diversified collection of media technologies that reach a large audience via mass communication. The technologies through which this communication takes place include a variety of outlets. Broadcast media transmit information electronically via media such as films, radio, recorded music, or television. Digital media comprises both Internet and mobile mass communication.

Hello! You have landed on this page because you were heading for one of the old websites made by me, David Gauntlett, in the distant past. Most of the stuff on sites like [theory.org.uk](#) and [newmediastudies.com](#) was 12-20 years old, and I kept it all on the internet for a long long time in case anybody really needed it, but I think that time has now gone.
