Flamenco guitar technique The techniques used in Flamenco are very different, just as posture and strumming patterns are not the same as those used when playing classical guitar. The guitar player's legs are often crossed to support the instrument, and the elbow is used to support the upper right arm to help with the various right hand techniques.

flamenco performers had no written music, they invented a jargon to make themselves understood, with terms such as Cierre (a rhythmic break), Remate (a finishing flurry) or Llamada (a call or signal). A new music was born called FLAMENCO. Flamenco music is a language for communicating, expressing happiness, sadness, rage, passion.
