So much for the Golden Years: Thursday morning after a shower I was getting dressed and while putting one of my socks on I felt a twinge and somehow threw my back out. I haven't stood up straight since. It's not too bad when I'm sitting or even lying down in bed (unless I try to roll over), but when I stand up I'm all hunched over and can't straighten up.

Bits and Pieces â€“ We scour the web so you don't have to.

When the information capacity of a storage system or a communication channel is presented in bits or bits per second, this often refers to binary digits, which is a computer hardware capacity to store binary data (0 or 1, up or down, current or not, etc.). Information capacity of a storage system is only an upper bound to the quantity of information stored therein.
