Treatise on Analytical Chemistry. Herausgeg. von I. M. Kolthoff und Phil. J. Elving, unter Mitarbeit von E. B. Sandell, Part II: Analytical Chemistry of the elements ...

Treatise on Analytical Chemistry. Herausgeg. von I. M

The classic series Treatise on Analytical Chemistry, coedited with Philip J. Elving of the University of Michigan and published by Interscience Publishers, is among the most significant reference works in the field. As an educator, Kolthoff advised more than 50 doctorate chemists at the University of Minnesota, many of whom went on to major academic positions of their own.

I. M. Kolthoff and Modern Analytical Chemisty - American

This extensively updated new edition of the widely acclaimed Treatise on Geochemistry has increased its coverage beyond the wide range of geochemical subject areas in the first edition, with five new volumes which include: the history of the atmosphere, geochemistry of mineral deposits, archaeology and anthropology, organic geochemistry and analytical geochemistry.

Treatise on Geochemistry - 2nd Edition

This, the first volume of Psr t 11, Analytical Chemistry of the Elements, contains two chapters of a general

nature and four describing the analysis of specific substances. An excellent chapter (33 pages) on inorganic nomenclature by W. C. Furness provides an introduction to this part of the treatise.
