The purpose of an Innovation Portfolio is to manage the risk inherent in innovation while optimizing the results achieved by innovation investments. As this is an approach that only makes sense in the context of the specific markets in which a given company competes, and in relation to the technology that prevails in a given industry, each company's Innovation Portfolio will necessarily be ...

A community is a small or large social unit (a group of living things) that has something in common, such as norms, religion, values, or identity. Communities often share a sense of place that is situated in a given geographical area (e.g. a country, village, town, or neighborhood) or in virtual space through communication platforms. Durable relations that extend beyond immediate genealogical ...
