Reality-based community is a political label used to refer to those on the American Left who make political judgments based on present reality, in contrast with opposing factions which do not. The phrase can be pejorative or positive. It was first used by the George W. Bush Administration to criticize their opponents for limiting their vision to the way things were rather than including what ...

The Enron scandal, publicized in October 2001, eventually led to the bankruptcy of the Enron Corporation, an American energy company based in Houston, Texas, and the de facto dissolution of Arthur Andersen, which was one of the five largest audit and accountancy partnerships in the world. In addition to being the largest bankruptcy reorganization in American history at that time, Enron was ...
