The Fourth Edition of World Regions in Global Context retains its strong global sensibility and its emphasis on current concerns, with models of interdependent development, spatial and social inequality, and questions of spatial justice. This revision is more user-friendly in the organization of the ...

### **World Regions in Global Context: People, Places, and**

The 196 countries of the world divide into eight regions based on their geography, mostly aligning with their continent. Groupings that don't strictly adhere to the continent divisions separate the Middle East and North Africa from sub-Saharan Africa around cultural lines, and grouping the Caribbean and Central America separately from North and South America makes sense due to similarities based on latitudes.

### **Official Listing of Countries by Region of the World**
