Inspired by Cheng, Zhu Xi was the first to print the four texts together as a single volume in 1190, and he was also the first to use the term "Sishu" (Four Books) to refer to them.

### **Ideal Interpretation: The Theories of Zhu Xi and Ronald**

Zhu Xi aimed at the reestablishment of the Confucian tradition, and his works, which transmitted the Confucian orthodoxy through proper commentaries on the classics, were urgently in demand. Gardner indicates the general intellectual climate of Zhu Xi's time, compared with that of He Yan's:

### **Project MUSE - Zhu Xi's Reading of the Analects: Canon**

Zhu Xi (1130–1200); Chinese: 朱熹; October 18, 1130 – April 23, 1200), also known by his courtesy name Yuanhui (or Zhonghui), and self-titled Hui'an, was a Chinese philosopher, politician, and writer of the Song dynasty.

### **Zhu Xi - Wikipedia**

For example, Zhu Xi sometimes mentions the li of a boat, which is more than simply its blueprint pattern; it is what makes it a boat, its "boatness," and for this I see no problem in referring to it as the principle of a boat, or the nature of a boat.
